1. Election of Chair

Resolved: Cllr Sutton was elected as Chair.

2. Election of Vice Chair

Resolved: Cllr Platt was elected as Vice Chair.

4. Minutes of the last meeting

Resolved: The minutes of the 10 March 2009 were agreed to be accurate record of the meeting and signed by the Chairman.

5. Newt Survey

Consider the survey and the mitigation costings - The Committee had considered the survey and the mitigation costings and it was understood that before any/all works were to be carried out on the fields the mitigation measures would cost in the region of £17,700 (today's price).

This would only be a one off if all the works to the fields were done at one time. If the project was done in two halves then this mitigation would have to be carried out twice and so cost twice.

Consider next steps - The Committee considered the steps which had been supplied by the Planning Consultant

Resolved: The steps supplied by the Planning Consultant would be followed so we could get to the stage of getting an architect to set down a scaled plan to submit with the planning application. A Topographical Survey, Site Survey, Tree Survey and Play Fields Specification would now be commissioned.

Plan the next steps - Results from these surveys would be fed back to the committee at a future meeting.

6. Any other business

There being no further business the Chairman declared the meeting closed.
