

Euxton Parish Council

A project to create a permanent feature to celebrate the Queen's Golden Jubilee

Queen's Golden Jubilee

The wall was constructed of stone with hard standing placed around and a large bench fixed in for visitors to the Green to sit and look out over the area.

The wall is a crescent shape rising in the centre and sloping lower at the sides with four plaque settings.

Euxton primary school pupils entered a drawing competition to create pictures depicting memorable images or events from the Queen's 50 year reign.

The four chosen pictures were mounted on the wall for residents to see.
