Ref. No: 22/01218/FUL Received: Thu 24 Nov 2022 Validated: Tue 06 Dec 2022	Erection of 2no. detached dwellings Land North Of The Railway Public House Wigan Road Euxton	The development appears to be proposed in an area outside the recognized development area. No 'special circumstances' have been made in support of the application. The sloping site makes the intrusion to existing premises appear to conflict with the planning policies of Chorley. No:</i> 21/01046/FULHH Received: Fri 27 Aug 2021 Validated: Fri 27 Aug 2021 Alterations and extension to form upper floor with additional 2 bedrooms. Suitable off-road parking indicated a 2-storey extension at one side of the existing building. This application appears to include an additional single storey extension at the other side of the existing building. Detailed plans are not available. A further application 22/00908/FUL was later withdrawn. EPA does not object in principle to the proposal, however, reserves the right to object subject to examination of detailed plans.

INVESTMENT STRATEGY

1. Introduction

Euxton Parish Council acknowledges the importance of prudently investing the temporarily surplus funds held on behalf of the community.

This strategy has been prepared in accordance with the Guidance on Local Government Investments ('the Guidance'), issued under section 15(1)(a) of the Local Government Act 2003 and effective from 1 April 2018 (3rd edition).

The Guidance states:

- a) Where a Parish Council expects its investments at any time during a financial year to exceed or are expected to exceed £100,000 at any time during the financial year or
- b) Where a Parish Council expects its total investments at any time during a financial year to be between £10,000 and £100,000,

it should decide on the extent, if any, to which it would be reasonable to have regard to the Guidance in relation to that year.

2. Objectives

- 2.1 The Council will invest prudently any surplus funds it holds on behalf of the community. Priority will be given to the security and liquidity of its reserves.
- 2.2 The Council will seek the highest rate of return, consistent with the proper levels of security and liquidity.
- 2.3 The Council will withdraw monies first from the least secure or higher rated investment funds/banks.

3. **Specified Investments**

- 3.1 The Council will invest its reserves in specified investments which are defined by the Guidance as investments that are:
 - denominated in sterling and any payments or repayments in respect of the investments are payable only in sterling
 - that have a period to maturity of no more than 12 months
 - not defined as capital expenditure (essentially this precludes investment in share or loan capital of any corporate body)
 - made with a body or in an investment scheme which has been awarded a high credit quality (see below) or is made with the UK Government or a Local Authority.

INVESTMENT STRATEGY

- 3.2 The Council will only invest in Specified Investments as defined above.
- 3.3 For the avoidance of doubt, the Council will invest balances which are surplus for in short term deposits with one or more of the UK Government, UK banks and/or building societies or other local authorities, provided that the credit rating of such institution satisfies the minimum credit ratings specified below.
- 3.4 Decisions on investments within this strategy will be made by Full Council.

4. Acceptable Level of Credit Ratings (Risk)

4.1 The required level of Credit Rating for UK Banks and Building Societies is 'A' or above from Standard and Poor's or Moody's Investors Service Ltd or Fitch Ratings Ltd or the bank is registered with the Financial Services Authority (FSCS) and the Council is otherwise satisfied as to its levels of capital and liquidity.

5. Treasury Management

- 5.1 The Council does not use external advisers to offer information, advice or assistance relating to investments, nor does it regard there as being a need for its staff to be trained in investment management given the nature of its investments but will rely on information which is publicly available.
- 5.2 The Council will monitor the risk of loss on investments by reference to credit ratings. The Council should aim for ratings equivalent to the Fitch F1 rating for short-term investments.

6. Investment of Money Borrowed in Advance of Need

In the unlikely event of money being borrowed in advance of need, it will be invested in specified investments in accordance with this strategy.

7. Review and Amendment of Regulations

The Investment Strategy will be reviewed annually. The Annual Strategy for the coming financial year will be prepared and reviewed by Full Council.

The Council reserves the right to make variations to the Strategy at any time, subject to the approval of the Full Council.

8. Transparency

The Strategy should be publicly available on the Councils website.

LONE WOKING POLICY

1. Introduction

The Council recognises that its employees are required to work by themselves for significant periods of time without close or direct supervision in the community, in isolated work areas and sometimes out of normal hours. The purpose of this policy is to protect such staff as far as is reasonably practicable from the risks of lone working.

The Council also recognises it has an obligation under the Health & Safety at Work Act 1974 (HSW Act) and the Management of Health & Safety at Work (MHSW) Regulations 1999, for the health, safety and welfare at work of its employees.

2. Scope of the Policy

The policy applies to all situations involving lone working arising in connection with the duties and activities of the Council's employees.

3. Definition of Lone Workers

The Health and Safety Executive defines lone workers as "those who work by themselves without close or direct supervision". This covers all of the Council's employees:

- the Clerk and Deputy Clerk, and
- the Village Caretakers

All of whom are required to carry out their duties for all or part of their working day working in isolation.

4. Aims of Policy

The aim of the policy is to:

- (a) increase staff awareness of safety issues relating to lone working;
- (b) ensure that the risk of lone working is assessed in a systematic and ongoing way, and that safe systems and methods of work are put in place to reduce the risk so far is reasonably practicable;
- (c) ensure that appropriate training is available to all staff in all areas that equips them to recognise risk and provides practical advice on safety when working alone:
- (d) ensure that appropriate support is available to staff who have to work alone;
- (e) encourage full reporting and recording of all adverse incidents relating to lone working.

5. Responsibilities

5.1 The Council

The Council will undertake to:

- ensuring that there are arrangements for identifying, evaluating and managing risk associated with lone working;
- providing resources for putting the policy into practice;

LONE WOKING POLICY

- ensuring that there are arrangements for monitoring incidents linked to lone working and that the Council regularly reviews the effectiveness of this policy;
- ensuring that all staff are aware of the policy;
- ensuring that risk assessments are carried out and reviewed regularly;
- putting procedures and safe systems of work into practice which are designed to eliminate or reduce the risks associated with working alone;
- ensuring that staff are given appropriate information, instruction and training;
- ensuring that appropriate support is given to staff involved in any incident; and
- managing the effectiveness of preventative measures through an effective system of reporting, investigating and recording incidents.

5.2 Employees

Employees are responsible for:

- taking reasonable care of themselves and others affected by their actions;
- co-operating by following rules and procedures designed for safe working;
- reporting all incidents that may affect the health and safety of themselves or others and asking for guidance as appropriate;
- taking part in training designed to meet the requirements of the policy; and,
- reporting any dangers or potential dangers they identify or any concerns they might have in respect of working alone.

6. Risk Assessment

Risk assessment is essential to good risk management.

Assessment will be carried out for and by all staff whose working practice makes them vulnerable. This includes staff that are site based but work in isolation as well as mobile staff whose work takes them out into the community. Recommendations will be made to eliminate or to reduce the risk to the lowest level reasonably practicable.

A lone workers' checklist will be completed (See Appendix 1). This will be used as a tool to identify if the existing control measures are adequate and if not, what modifications or additional actions can be considered necessary to help reduce the risks associated with lone working.

Once the checklist has been completed a risk assessment will be carried out and documented in a risk assessment form (See Appendix 2).

Risk assessments for site based lone workers will include:

- safe access and exit;
- risk of violence;
- safety of equipment for individual use;
- channels of communication in an emergency;

LONE WOKING POLICY

- site security;
- security arrangements i.e. alarm systems and response to personal alarms; and,
- level and adequacy of on/off site supervision

Risk assessments for mobile lone workers will, additionally, include:

- travelling between sites;
- reporting and recording arrangements; communication and traceability; and,
- personal safety/security.

Following completion of the Risk Assessment, consideration will be given to any appropriate action that is required.

7. Incident Reporting

An incident is defined as "an unplanned or uncontrolled event or sequence of events that has the potential to cause injury, ill health or damage".

In order to maintain an appropriate record of incidents involving lone workers it is essential that all incidents be reported to the Clerk who will prioritise each incident and identify any immediate action. Staff should ensure that all incidents where they feel threatened or 'unsafe' (even if this was not a tangible event/experience) are reported. This includes incidents of verbal abuse.

8. Contacting/Involving the Police

The Council is committed to protecting staff from violence and assault and will support criminal proceedings against those who carry out assault. All staff are encouraged to report violent incidents to the police and will be supported by the Council throughout the process.

Except in cases of emergency, employees should inform the Clerk of any incident immediately. The Clerk will thereafter take responsibility for contacting the police to report the details of the incident.

9. Support for Staff

Employees working for the Council should know that their safety comes first. Staff should be aware of how to deal with situations where they feel they are at risk, or unsafe. Staff should also be able to recognise how their own actions could influence or even trigger an aggressive response. The Clerk will ensure that all lone workers training needs are assessed and that they receive appropriate training.

10. Immediate Support Following a Violent Incident

In the event of a violent incident involving a lone worker, the Clerk will immediately ensure that the employee receives any necessary medical treatment and/or advice. If an incident occurs out of hours the Chairman of the Emergency Committee should be contacted.

The Clerk will also consider whether the employee needs specific information or assistance relating to legal or insurance aspects. The Clerk will also ensure appropriate written and verbal reporting of any violent incident.
